

The Simple Economical Viewer

3DFovi

スリーディフォビィ

[Simple]

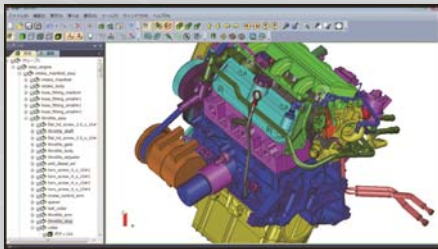

**It is easy to understand.
It is easy to use.
It is cheap price also.**

I want to easily see the 3D data.

[Simple But Effective] -- the viewer was developed.

CATIA V5/NX/Creo/SOLIDWORKS etc. can see by 38,000yen.

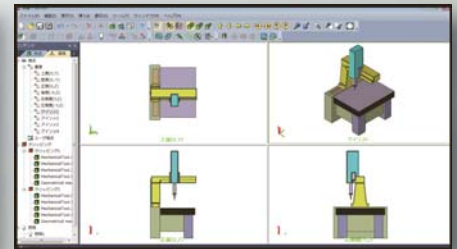

[Simple] even Effective

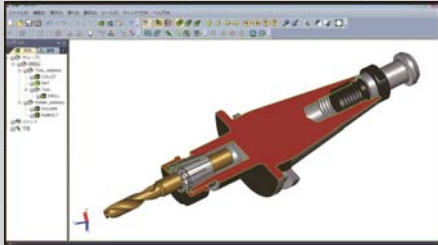

Hierarchical structure display of assembly

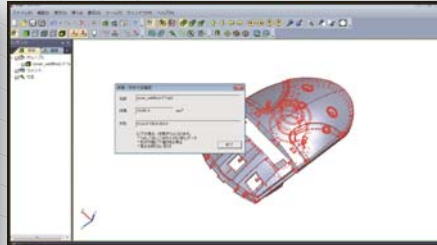

A variegated representational function

A legible screen separation

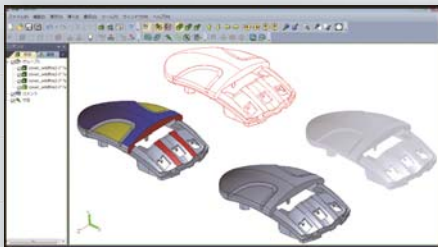

Cross-sectional display according to parts

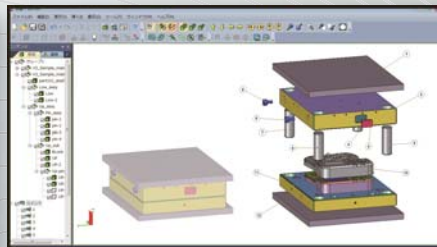

Volume and the maximum an outside dimensions calculation function

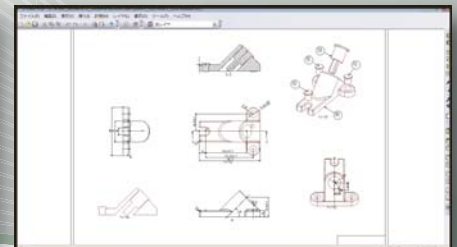

Measurement and comment function

Coloring function

Parts movement and numbering function

2D drawing viewer(D-View)

Product and Price / Handling data / System requirements

Product	Price(Jpy)	Read data	Save data
①. 3DFovi viewer	25,000yen	IGES, STEP, STL 2DDXF, DWG, HPGL	—
②. 3DFovi i/f plugin module (includes the fee for use for plug in 365 days in the first year)	15,000yen	CATIA V5, NX, Creo, SOLIDWORKS Parasolid, ACIS, Aiview/3DR, 3DFovi	STL New! VRML v1,v2 New! 3DFovi (*.3df)
③. 3DFovi Use fee plugin 365 days (After the second year)	15,000yen	↑	

Set products(initial introduction)	Price(Jpy)
3DFovi set (① + ② set products) 2,000 yen deals !	38,000yen

CPU	Intel Core 2 Duo 2.40GHz or faster
RAM	32bitOS 2GB or more / 64bitOS 4GB or more
